

How To Setup your Schoology gradebook and Synch it with your PowerSchool gradebook

1. Go to the course you wish to alter the gradebook for. On the left-hand side, click **Grade Setup**.

2. Add categories for assignments and assessments, change grading scale, add scales or rubrics, and weight categories. Once complete, click **Save Changes** found at the bottom of the page.
3. Then click **PowerSchool** on the left-hand side of the screen.

4. Select “Automatically shorten assignment titles”
5. Use the drop-down boxes to select how you want Schoology assignment types synched into your PowerSchool gradebook.
6. Click on “Save Changes”
